

How much does it cost to join? Remember short answer... \$250

No matter what sport you play that requires gear there is an up front cost. At Boundary Martial Arts we have a Pro Shop that sells all the required gear at or below what you will find on the open market (Internet). If you choose to buy your gear elsewhere be sure to understand the limitations and requirements of the gear so that you do not purchase something that will not be allowed.

Each student is required to have...

Boundary Martial Arts Silk Screened Uniform | Helmet | Face Shield

Regulation Chest Protector | Regulation Hand Pads | Regulation Shin

Instep Pads | Groin Protector (required for boys) | Mouth Guard | Bag

The other cost of the program is every three months there is a new weapon. Once the student has been with BMA 1 year, they will own all of the weapons taught at BMA. They are: Wooden Sword, Escima Stick, Bo Staff and Nunchaku. All weapons are under \$20.
